To Whom It May Concern:

As a representative of NEON Communications in the position of Network Security Manager I consider it essential that I attend public meeting (**D.T.E 02-8**). It is in NEON Communications best interests to attend due to the amount of telecommunication equipment located in Verizon Central Offices. I would also like two of my colleagues to attend namely James Capuano and Robert Sullivan.

Thank you in advance for the opportunity to be considered to attend.

Sincerely,

Paul Santangelo  
Network Security Manager  
508-616-7895
